

Fountain® Hot Air Popper by PRESTO

Pops like a fountain! Popcorn flows into the cover as it pops.

Pops with hot air, not oil, for a low-fat treat.

Pops up to 20 cups in about 3½ minutes with virtually no unpopped kernels.

Specially engineered stainless steel restrictors optimize popping performance.

Vented cover assures crispy popcorn.

- ◆ Makes as much or as little as you want from 10 to 20 cups.
- ◆ After popping, snap the serving bowl lid on the cover, flip over, and remove base.
- ◆ Easy to clean. Pops without oil so the base and cover simply wipe clean.
- ◆ Base nests inside cover for compact storage.

See-through cover doubles as a serving bowl.
