This is a  Listed appliance. The following important safeguards are recommended by most portable appliance manufacturers.

IMPORTANT SAFEGUARDS

To reduce the risk of personal injury or property damage when using electrical appliances, basic safety precautions should always be followed, including the following:

1. Read all instructions.
2. Be sure that handles are assembled and fastened properly before using this appliance (see page 3).
3. Do not touch hot surfaces. Use handles or knobs.
4. It is recommended that this appliance not be moved when it contains hot oil or other hot liquid. If it must be moved when it contains hot oil or other hot liquid, use extreme caution.
5. To protect against electrical shock, do not immerse heat control, cord, or plug in water or other liquid.
6. Close supervision is necessary when any appliance is used by or near children.
7. **WARNING!** Spilled food can cause serious burns. Keep appliance and cord away from children. Never drape cord over edge of counter or table. Never plug cord into outlet below counter or use with an extension cord. Do not let cord touch hot surfaces.
8. Unplug from outlet when not in use and before cleaning. Allow to cool before putting on or taking off parts, and before cleaning the appliance.
9. Do not operate any appliance with a damaged cord or plug or in the event the appliance malfunctions or has been damaged in any manner. Do not operate if the handles or legs become cracked or damaged. Return the appliance to the Presto Factory Service Department (see page 24) for examination, repair, or electrical or mechanical adjustment.
10. The use of accessory attachments not recommended by the appliance manufacturer may cause injuries. Use only genuine Presto® accessory and replacement parts.
11. Intended for countertop use only.
12. This appliance is not intended for deep frying foods.
13. Do not use outdoors.
14. Do not place on or near a hot gas or electric burner or in a heated oven.
15. Always attach heat control to appliance first, then plug cord into wall outlet. To disconnect, turn control OFF, and then remove plug from wall outlet.
16. Do not use appliance for other than intended use.

SAVE THESE INSTRUCTIONS

THIS APPLIANCE IS FOR HOUSEHOLD USE ONLY.

Important Cord Information

This appliance has a polarized plug (one blade is wider than the other). To reduce the risk of electric shock, this plug is intended to fit into a polarized outlet only one way. If the plug does not fit fully into the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Do not attempt to modify the plug in any way.

A short, detachable power supply cord is provided to reduce the risk of becoming entangled in or tripping over a longer cord. **DO NOT USE WITH AN EXTENSION CORD.**

Connect the power supply cord to a 120VAC electrical outlet only.

Before First Use

Before using for the first time, wash the skillet, cover, and cooking rack in warm, soapy water, rinse, and dry. **Do not immerse the digital heat control in water or let it come in contact with any liquid.**

Assemble the skillet handles as described below.

How to Assemble

1. Place the skillet upside down on a table or counter.
2. Remove the four screws from the mounting tabs on the skillet body and set aside (Fig. A).
3. Slide the handles, with the screw holes facing up, onto the mounting tabs on the skillet. Align the mounting tab screw holes with the handle screw holes. Insert screws into the holes and fasten securely using a Phillips screwdriver.

NOTICE: Continuing to tighten, once secure, can result in the stripping of screws or the cracking of handles.

4. When properly installed, the handles should be parallel with the table or counter.

Getting Acquainted

The Tuxedo™ skillet multi-cooker features a digital heat control (Fig. B) for precise cooking and consistent results. This digital control allows the user to select an exact temperature between 100°F and 400°F for ultimate control and versatility. **NOTE:** The temperatures listed throughout the book are in Fahrenheit.

Temperatures can be selected in one-degree increments from 100° to 205° and five-degree increments from 205° to 400°. The skillet has audible and visual cues to indicate that the selected temperature has been reached.

The knob can be rotated clockwise or counterclockwise to easily increase or decrease temperature. If the temperature has been set at a relatively high temperature and a lower temperature is desired, it may be quicker to rotate clockwise because the temperature loops back to 100° after reaching 400°.

The skillet automatically shuts off after 2 hours when the temperature is set above 205° and after 24 hours when the temperatures is set at 205° or below.

The skillet also includes a multi-purpose cooking rack for steaming, baking, and sous vide cooking.

How to Use the Skillet

1. Place the skillet on a dry, level surface away from walls, cabinets, and other objects.
2. Insert the digital heat control into the skillet plug guard, pushing firmly toward the skillet until it stops (Fig. C). Connect the cord to a 120VAC electrical wall outlet only. When you plug in the heat control, OFF will appear in the display.
3. Push the heat control knob once and the default temperature setting, 350, will flash in the display and the unit will beep once. If your desired temperature is not 350°, rotate the control knob to the desired temperature.

NOTE: It is normal to hear an occasional pop or clicking sound as the skillet is functioning or cooling. This is due to the expansion and contraction of the skillet materials.

4. Preheat the skillet without the cover. During preheating, prepare the food for cooking. Because the skillet features a ceramic nonstick surface, food may be prepared with little or no oil. **NOTICE:** Avoid using no-stick cooking sprays as they may cause the cooking surface to become tacky, resulting in food sticking.
5. When the skillet reaches the set temperature, the control will beep twice and the temperature will stop flashing in the display. If the recipe calls for using the cooking rack, place the rack in the skillet.

6. Add food to the skillet and cook according to the recipe or time/temperature tables (see pages 5 through 22).

CAUTION! It is normal for steam to escape from the cover vent during cooking. To prevent steam burns, keep well away from the vent.

For best results, use heat-resistant nylon, plastic, rubber, or wooden utensils. Do not use metal utensils as they may scratch the nonstick surface and also become hot if left in the skillet during cooking. Do not cut foods on the cooking surface.

7. If the recipe calls for a covered skillet, be sure to keep the cover on the skillet during the cooking process. When the cover is not in place, heat escapes and the temperature is reduced, causing the element to cycle on. That in turn may cause the contents, depending on the amount and thickness, to boil.

NOTES: To maintain the selected temperature, the skillet is designed to cycle on and off. It is normal when the unit cycles on for the liquid directly above the element to briefly boil. This does not affect the overall temperature or the cooking process.

Also, liquids boil at lower temperatures at higher elevations due to differences in the atmospheric pressure.

8. When cooking is completed, push and hold the heat control knob for 3 seconds to turn the skillet off. Unplug the heat control from the wall outlet, and then from the appliance. Allow the skillet to cool before cleaning (see page 22).

Skillet Functions

This skillet not only performs all of the traditional functions of a skillet, i.e., sautéing, pan frying, braising, and roasting, but much more. Precise low-temperature settings make it ideal for poaching chicken or fish, for sous vide cooking, steaming, making yogurt, proofing dough for artisan breads and rolls, melting chocolate, and preparing and cooking a variety of cheese-, cream-, butter-, or tomato-based sauces. It even can be used as an egg cooker (see page 17).

Functions Using Temperature Settings 100° to 215°

Simmering: Food is cooked in liquid at a level slightly below boiling. The digital control allows simmering for sauces, such as marinara and cream sauces. Normally, the food is heated just until boiling. Then the cover is placed on the skillet and the temperature is reduced to 190° to 200°.

Steaming: Food is placed on the cooking rack above liquid. The cover is positioned on the skillet and food is steamed at temperatures between 205° and 215°.

Poaching: Poaching is a gentle method of cooking delicate foods, such as fish, chicken, eggs, and fruit, in liquid until cooked through. Poaching liquid can simply be water, but broth and wine also can be used to impart flavor. Food is usually poached at temperatures between 160° and 180°. Poaching is good for foods that will be cooked again or used for other purposes, such as salads.

Making Yogurt: Healthy, delicious homemade yogurt with no added sugar, preservatives, or artificial flavors can be made right in the skillet. Make large batches or individual portions. See page 7 for more information.

Proofing Dough: Frozen or refrigerated dough can be proofed in the skillet at 100°. Proofing dough at a low heat activates the yeast in the dough. During fermentation, the yeast cells in leavened dough give off carbon dioxide gas that causes the dough to rise. Proofing dough in the skillet will produce an artisan-style loaf of bread or rolls. See proofing instructions on page 8.

Sous Vide Cooking: Literally, sous vide means “under vacuum.” This type of cooking involves placing food in a plastic bag and removing air or vacuum sealing food and heating in a water bath at a low, precisely-regulated temperature for a longer than usual cooking time. See pages 8 and 9 for more information.

Other Uses: The skillet can accurately maintain low temperatures, so soups or any food in a sauce, such as baked beans, chili, or candied sweet potatoes, can successfully be slow cooked over a period of several hours. However, the skillet is not recommended for slow cooking roasts.

Functions Using Temperature Settings above 215°

Pan Frying or Sautéing: Meat, poultry, and fish are cooked in a small amount of oil at temperatures between 325° and 375°. Vegetables are usually sautéed at 290° to 300°. Typically, the skillet is preheated before adding oil and food. Pan frying or sautéing is usually done without the cover.

Braising: Braising involves two steps. Food, such as meat or poultry, is first browned by pan frying at temperatures between 325° and 375° and then simmered in a relatively small amount of liquid to finish cooking.

Roasting: Roasting is a dry heat method of cooking that is usually done at temperatures between 350° and 400°. Unlike traditional roasting in an oven, where indirect heat is used, food roasted in a skillet has contact with the dry or lightly oiled cooking surface. Roasting is usually done with the skillet uncovered so dry air, rather than steam, delivers the heat.

Baking: Pancakes and French toast can be baked directly in the skillet without the cover. Cupcakes can be baked in a metal or silicone cupcake pan on the skillet rack with the cover in place. Because the top of cupcakes do not brown, cover them with glazes, toppings, or frosting. Most baking will be done at 350° to 400°. Reheating leftover pizza or baking pizza from scratch (see recipe on page 16) is done at 260°.

NOTICE: This skillet is not intended to be used as a hot plate or for heating any cookware nor to melt wax, gels, plastics, glue, or other materials for making candles or for other hobbyist activities, or in any commercial or business application. Using this appliance for purposes different from those specified in the instruction manual may cause damage to the appliance and will void the warranty.

STEAMING TIMETABLE

Add 3 cups water and rack to skillet. Place food on rack and cover skillet. Set heat control at 205° to 215°. Steam food according to the table below. Add additional water as necessary.

VEGETABLE	APPROXIMATE STEAMING TIME
Asparagus	
Thin spears	3 to 4 minutes
Thick spears	4 to 5 minutes
Beans	
Whole or 1-inch pieces	7 to 8 minutes
Beets	
2½- to 3-inch diameter	35 to 40 minutes
Broccoli	
Spears or florets	5 to 7 minutes
Brussels Sprouts	
1- to 1½-inch diameter	9 to 11 minutes
Cabbage	
2-inch wedge	15 to 20 minutes
Carrots	
Whole	20 minutes
¼-inch slices	6 to 7 minutes
Baby cut	11 to 14 minutes
Cauliflower	
Florets	7 to 9 minutes
Corn-on-the-cob	
	10 to 15 minutes
Parsnips	
¼-inch slices	6 to 7 minutes
Potatoes (red or white)	
Small, whole (1 to 2 ounces each)	13 to 15 minutes
Medium, quartered	13 to 15 minutes
Potatoes (sweet)	
1-inch slices	17 to 19 minutes
Rutabaga	
¾- to 1-inch slices	20 to 22 minutes
Squash (yellow, crookneck, zucchini)	
¼-inch slices	5 to 7 minutes
Turnips	
¾- to 1-inch slices	10 to 12 minutes

Making Yogurt

Yogurt can be prepared in a large quantity as indicated below, or it can be prepared in individual containers as indicated below.

Several recipes in this booklet call for plain yogurt: *Savory Chicken Salad with Jalapeño and Curry* (page 14); *Chicken Salad with Tarragon, Fennel, and Apple* (page 15); *Garlic Cilantro Lime Sauce* (page 19); *Spicy Yogurt Sauce* (page 19).

Batch Method

Ingredients needed:

- 1 to 2 quarts milk*
- 2 tablespoons plain yogurt that contains live and active cultures

1. Pour milk into skillet and heat skillet at 180°. As milk heats, stir gently and frequently to prevent scorching.
2. Once skillet reaches 180°, cook milk at least 10 minutes and up to 15 minutes. The longer the milk is kept at this temperature, the more concentrated the milk protein will be and the firmer the final texture will be. Continue to stir gently to prevent scorching and protein skin formation on surface.
3. Reduce heat to 110° to cool milk, stirring occasionally. When 110° is reached, the unit will beep.
4. Once skillet has cooled to 110°, remove 2 tablespoons of milk from skillet to a small bowl. Add 2 tablespoons of plain yogurt containing live and active cultures to the bowl and mix. **NOTE:** Use 2 tablespoons of plain yogurt for each batch whether using 1 or 2 quarts of milk.
5. Add mixture to skillet and stir until blended. The skillet setting should remain at 110°.
6. Cover skillet and continue to heat at 110° for 4 to 9 hours. The longer yogurt heats at a constant low temperature (called incubating), the firmer the texture and the more tart it will be. Once yogurt has incubated to your desired texture/taste, turn off skillet and allow yogurt to remain in skillet for 2 to 8 hours to develop a strong culture.
7. Remove to container and refrigerate.

NOTE: As a starter for future batches of yogurt, save 2 tablespoons of your homemade yogurt for use in step 4.

Presto Tip: *When serving, top yogurt with honey, fruit, jam, or granola, if desired.*

Individual Serving Size Method

Ingredients and supplies needed:

- | | |
|---|---|
| 1 quart milk* | 2½ quarts water |
| 2 tablespoons plain yogurt that contains live and active cultures | 7 to 9 quarter-pint Mason jars or 5 to 6 custard cups or ramekins |
| ••••• | Aluminum foil |

1. Pour milk into skillet and heat skillet at 180°. As milk heats, stir gently and frequently to prevent scorching.
2. Once skillet reaches 180°, cook milk at least 10 minutes and up to 15 minutes. The longer the milk is kept at this temperature, the more concentrated the milk protein will be and the firmer the final texture will be. Continue to stir gently to prevent scorching and protein skin formation on surface.
3. Reduce heat to 110° to cool milk, stirring occasionally. When 110° is reached, the unit will beep.
4. Once skillet has cooled to 110°, remove 2 tablespoons of milk from skillet to a small bowl. Add 2 tablespoons of plain yogurt containing live and active cultures to the bowl and mix.
5. Add mixture to skillet and stir until blended. Turn off skillet and unplug.
6. Pour skillet contents into large bowl and clean skillet.
7. Place rack in bottom of skillet and add 2½ quarts water. Plug skillet back in and heat at 110°.
8. Pour cultured milk from bowl into quarter-pint Mason jars, custard cups, or ramekins.
9. Place filled jars, custard cups, or ramekins on rack and cover with a sheet of aluminum foil.
10. Cover skillet and continue to heat at 110° for 3 to 9 hours. The longer yogurt heats at a constant low temperature (called incubating), the firmer the texture and the more tart it will be. Once yogurt has incubated to your desired texture/taste, turn off skillet and allow yogurt to remain in skillet for 2 to 8 hours to develop a strong culture.
11. Cover jars and place in refrigerator.

NOTE: As a starter for future batches of yogurt, save 2 tablespoons of your homemade yogurt for use in step 4.

Presto Tip: *When serving, top yogurt with honey, fruit, jam, or granola, if desired.*

*Skim, 1%, 2%, or whole milk

Proofing Dough for Artisan Loaves or Rolls

1. Heat skillet at 100°. Place dough on parchment paper directly on skillet surface and cover skillet. Do not place dough in a pan.
When refrigerated dough is placed in skillet or when frozen dough has proofed about 1 hour, use a sharp knife to make several ¼-inch deep slashes across surface of dough. This will help the dough rise in a consistent manner and produce an attractive artisan loaf.
2. Dough has proofed enough when it springs back slowly and leaves a small indent when gently pressed. Proofed dough will resemble an artisan-style loaf of bread or rolls.
3. After proofing, lift parchment paper directly onto a baking sheet and bake dough in the oven as directed. Do not bake dough in the skillet.

PROOFING TIMETABLE

FOOD	PROOFING TIME
Dough, Frozen Loaf	2½ to 3 hours
Rolls, Frozen	1 hour
Cinnamon Rolls, Frozen	1 hour
Dough, Refrigerated	1 hour

Sous Vide Cooking

For sous vide cooking, food must be placed in zip-top freezer bags or vacuum sealed bags, as instructed in step 3 below.

1. Fill skillet with 4 quarts of water and set heat control to desired temperature (see time/temperature table on page 9).
2. Season food with salt, pepper, herbs, and lemon slices, if desired.

For meat and fish, add only one piece of food to each bag to ensure even cooking. For shrimp and vegetables, place in a single layer in the bag.

3. Seal food using a vacuum food sealer or place food in resealable zip-top freezer bags.

If using zip-top bags, to prevent them from floating, it is important to get all the air out of the bags before placing them in the skillet. To do this, leave the bag unsealed after placing food in it, then slowly lower the bottom of the bag into a separate container of water. As the bag is lowered, water will displace the air and push it out the top of the bag. Just before the bag is fully immersed, seal it.

4. Once the control signals that the desired temperature has been reached, add the sealed bags to the water in the skillet. Place the cooking rack over the bag(s) to submerge them.
5. Cover the skillet. Cook for the recommend time in the time/temperature table.
6. Remove the skillet cover. Use a tongs to carefully remove the rack and bags from the water. Turn off the skillet and unplug it.
7. Serve food immediately or cool in an ice bath and refrigerate until ready to use.
8. To sear food, carefully empty the water from the skillet. Then plug the skillet back in and preheat at 400°. Add 1 to 2 tablespoons of vegetable oil to the skillet.

Remove food from the bag and pat it completely dry. Place the food in the pan and sear approximately 1 minute on each side.

SOUS VIDE TIME/TEMPERATURE TABLE

FOOD	TEMPERATURE	APPROXIMATE COOKING TIME*

Potatoes, ½-inch pieces	190°	60 to 75 minutes
Potatoes, 1- to 2-inch diameter	190°	60 to 75 minutes

*Always cook foods at least the minimum amount of time listed. Consuming raw or undercooked meats, poultry, or seafood may increase the risk of foodborne illness. The longer cooking times will result in more tender food.

Breakfast

French Toast with Apple Cinnamon Syrup

Apple Cinnamon Syrup

2 apples, peeled, cored and cut into ½-inch slices	4 tablespoons butter
½ cup packed brown sugar	½ teaspoon ground cinnamon

Heat skillet at 300°. Add apple slices, brown sugar, butter, and cinnamon; gently stir until butter is melted, about 1 minute. Reduce heat to 250° and continue stirring gently until apples have softened, about 4 minutes. Pour Apple Cinnamon Syrup into bowl and reserve.

Makes 1½ cups syrup

French Toast

3 eggs, beaten	1 teaspoon vanilla
1 cup milk	Vegetable oil
2 tablespoons sugar	8 (1-inch) slices brioche, day old

Whisk eggs, milk, sugar, and vanilla in a shallow bowl.

Heat skillet at 350°. Brush skillet surface with a light coating of vegetable oil. Dip bread slices one at a time into milk mixture, coating both sides of bread generously with mixture. Cook slices until golden, about 2½ to 3½ minutes per side. Remove French toast and keep warm until all slices have been cooked. Serve with Apple Cinnamon Syrup.

4 servings

Presto Tip: *Challah or Italian bread can be substituted for brioche.*

Honey Nut Granola

- | | |
|---------------------------------|-----------------------------|
| 2 cups old-fashioned oats | 3 tablespoons vegetable oil |
| 1 cup chopped pecans or walnuts | ¼ teaspoon salt |
| ¼ cup honey | |

Preheat skillet at 375°. Add oats and pecans. Stir occasionally about 10 to 12 minutes or until lightly browned and toasted. Mix honey, oil, and salt in a small bowl. Gently stir honey mixture into oats and nuts until evenly coated. Stir occasionally an additional 2 to 3 minutes. Turn off heat. Remove granola to baking sheet to cool. Store in airtight container.

Makes about 3¾ cups

Appetizers

Caramelized Onion and Cranberry Crostini

- | | |
|--|--|
| 1 (8-ounce) package cream cheese, softened | 3 cups yellow onions, slivered |
| 2 teaspoons fresh thyme, chopped | 1 teaspoon salt |
| 1 long baguette, cut into ½-inch slices | ½ cup dried cranberries |
| Olive oil for brushing | ⅓ cup walnuts, chopped |
| 1 tablespoon olive oil | ¼ cup water (as needed for caramelizing) |
| 1 tablespoon butter | |

Mix together cream cheese and thyme in small bowl. Refrigerate until ready to serve.

Preheat conventional oven to 400°. * Lay bread slices on baking sheet in a single layer. Brush top side of bread with olive oil. Toast in oven 10 to 12 minutes until top is golden. No need to flip as bottom side will toast as well. Remove from oven and set aside to cool.

Preheat skillet at 350°. Heat olive oil and butter in skillet. Add onions and salt; sauté until they begin to brown, about 12 to 14 minutes, stirring frequently. Add cranberries. Continue to cook until onions are translucent and browned and cranberries are softened, about 10 minutes. If skillet starts to dry and onions stick, add 1 to 2 tablespoons of water at a time and stir. This will aid in caramelizing by deglazing the skillet. Remove mixture and cool slightly. Stir in chopped walnuts.

Spread cream cheese equally among toasted bread slices. Top with onion-cranberry mixture.

*The skillet can be used to toast the bread, if preferred. It will take 2 to 3 batches. Heat skillet at 400°. Brush both sides of bread with olive oil and place bread slices directly on skillet bottom. Bake 10 to 12 minutes, flipping bread halfway through.

Preparation Tip: *To make slivered onion quarters, cut onion in half crosswise then slice into thin wedges. To make quarters, slice wedges in half.*

Tuscan Dipping Oil for Bread

- | | |
|----------------------------|--|
| ½ cup olive oil | ½ teaspoon dried basil |
| 1 clove garlic, minced | ½ teaspoon black pepper |
| 1 tablespoon lemon juice | ½ teaspoon salt |
| 2 teaspoons lemon zest | ¼ teaspoon dried red pepper flakes |
| 1½ teaspoons dried oregano | 2 tablespoons freshly grated Parmesan cheese, optional |

Heat skillet at 125°. Add oil, garlic, lemon juice and zest, oregano, basil, pepper, salt, and pepper flakes. Stir and heat gently, uncovered, 15 minutes. Pour into serving bowl and top with Parmesan cheese, if desired.

Makes ½ cup

Soups and Stews

Sausage, Kale, and White Bean Soup

- | | |
|---|---|
| 1 cup dried Great Northern beans | 1 medium sweet potato, peeled, cut into 1-inch pieces |
| 4 cups water | 5 cups chopped kale, about 2 to 3 ribs |
| 1 (14-ounce) fully cooked smoked sausage ring, cut into ½-inch pieces | 1 bay leaf |
| 1 cup chopped onion | ¼ teaspoon black pepper |
| 2 cloves garlic, minced | ¼ teaspoon dried red pepper flakes |
| 6 cups chicken broth | ¼ teaspoon dried rosemary |
| | ¼ teaspoon dried thyme |

Clean and rinse beans. Use quick-soak method by placing beans and water in skillet. Set heat control to 350°; cover and bring to a boil. Boil 2 minutes, then turn off heat control. Let stand, covered, 1 hour. Drain off soaking water and remove beans. Dry skillet.

Preheat skillet at 300°. Sauté sausage, onion, and garlic 3 minutes or until onions are softened.

Add broth, sweet potato, kale, bay leaf, pepper, pepper flakes, rosemary, and thyme. Cover and bring to a boil. Once boiling, reduce heat to 210° and cook, with cover on, 5 to 7 hours or until beans are tender. Discard bay leaf.

9 servings (serving size 1 cup)

Posole Verde (Mexican Stew)

- | | |
|---|-----------------------------------|
| 1 tablespoon olive oil | 2 (1½-ounce) cans hominy, drained |
| 1 pound lean pork, cut into 1-inch chunks | 2 (16-ounce) jars salsa verde* |
| 1 cup chopped onion | 1 teaspoon chili powder |
| 3 cloves garlic, minced | 1 teaspoon dried oregano leaves |
| 2 cups beef broth | ½ cup chopped cilantro |

Preheat skillet at 325°. Add oil and pork; brown 2 to 3 minutes. Add onion and garlic; sauté an additional 2 minutes. Add broth, hominy, salsa, chili powder, oregano, and cilantro; cover and bring to a boil. Reduce heat to 200° and simmer 3 to 4 hours.

9 servings (serving size 1 cup)

*Choose the salsa heat level you like; mild, medium, or hot.

Presto Tip: *Top bowls of posole with lime wedges, avocado chunks, jalapeno slices, chopped cilantro, or thinly sliced radishes.*

Guinness* Beef Stew

- | | |
|---|--|
| 2 tablespoons vegetable oil, divided | 1 (11-ounce) bottle Guinness* stout beer |
| ¼ cup all-purpose flour | 1 tablespoon raisins |
| 2 pounds boneless beef chuck roast, cut into 1-inch cubes | 1 teaspoon caraway seeds |
| 1 teaspoon salt | 1 teaspoon black pepper |
| 4 cups chopped onions | 1½ cups sliced carrots, ½-inch slices |
| 1 tablespoon tomato paste | 1½ cups sliced parsnips, ½-inch slices |
| 2 cups beef broth | 1 cup cubed turnips |

Preheat skillet at 300°. Add 1 tablespoon oil to skillet.

Place flour in shallow dish. Sprinkle beef with salt and dredge in flour. Brown ½ of beef at a time, stirring as needed. Remove beef to a plate and add remaining tablespoon of oil to brown the rest of the beef. Remove beef to plate.

Add onions and cook about 5 minutes or until softened. Stir in tomato paste and cook 1 minute.

Add beef, broth, beer, raisins, caraway seeds, pepper, carrots, parsnips, and turnips to skillet. Cover and heat until boiling. Reduce heat to 210° and simmer 2 hours or until meat and vegetables are tender, stirring occasionally. To thicken stew, remove cover and increase heat to 250° for 5 to 10 minutes or until desired consistency is reached.

*Scrub clams and soak 30 minutes in cold water to release any sand in the shells. Drain before using in recipe.

Presto Tip: *Mild fish, such as haddock or tilapia, can be substituted for cod.*

Pasta Sauce

Fresh Tomato and Mushroom Marinara

2 tablespoons olive oil	1 tablespoon tomato paste
1 onion, chopped	1 tablespoon packed brown sugar
6 cloves garlic, minced	2 teaspoons dried basil
8 medium tomatoes, peeled and coarsely chopped (about 2 pounds)	1 teaspoon dried oregano
8 ounces fresh mushrooms, sliced	1 teaspoon salt
1 bay leaf	$\frac{1}{2}$ teaspoon black pepper
$\frac{1}{2}$ cup beef broth	$\frac{1}{4}$ teaspoon fennel seed
	2 teaspoons balsamic vinegar

Preheat skillet at 300°. Add olive oil and onions; sauté 3 minutes. Add garlic and sauté 1 minute. Add tomatoes, mushrooms, and bay leaf. Cover and cook 5 minutes. Reduce temperature to 200° and continue to cook until tomatoes are softened and lose their shape, about 30 minutes. Stir in broth, tomato paste, brown sugar, basil, oregano, salt, pepper, and fennel seed. Allow mixture to simmer, uncovered, until desired consistency is reached, about 30 to 45 minutes. Stir in vinegar.

Serve sauce with your favorite cooked pasta.

Chicken, Meat, Pizza, and Eggs

Mediterranean Chicken

Marinade

3 tablespoons olive oil	1 teaspoon lemon zest
2 tablespoons lemon juice	1 teaspoon dried rosemary
2 tablespoons red wine vinegar	½ teaspoon black pepper
1 clove garlic, minced	½ teaspoon salt

Mix oil, lemon juice, vinegar, garlic, lemon zest, rosemary, pepper, and salt; add chicken. Cover and refrigerate 2 hours.

Chicken

4 boneless, skinless chicken thighs	¼ teaspoon dried rosemary
1 onion, sliced lengthwise	1 pint grape tomatoes
1 clove garlic, minced	½ cup Kalamata olives, whole
½ cup chicken broth	¼ cup green olives, whole
1 tablespoon lemon juice	1 teaspoon lemon zest

Preheat skillet at 325°. Remove chicken from marinade and discard marinade. Brown chicken on each side. Add onion and sauté 2 minutes. Add garlic and sauté 1 minute. Add broth, lemon juice, and rosemary. Reduce heat to 225°; cover and simmer 10 minutes. Add tomatoes and olives; simmer uncovered an additional 10 to 15 minutes or until most of the liquid is reduced and chicken is cooked through. Turn off heat and add lemon zest.

4 servings

Presto Tip: Substitute dried oregano for rosemary in marinade and sauce.

Chicken Piccata

4 boneless, skinless chicken breasts	½ cup chicken broth
¼ teaspoon black pepper	½ cup lemon juice (2 lemons)
⅓ cup all-purpose flour	½ cup white wine
3 tablespoons olive oil, divided	¼ cup capers, rinsed and drained
4 tablespoons butter, divided	¼ cup chopped flat leaf parsley

Cut each chicken breast horizontally to form 8 cutlets. Place cutlets between sheets of wax paper; pound each cutlet to an even ¼ to ½ inch thickness. Season cutlets with pepper. Put flour in a shallow bowl and dredge cutlets.

Preheat skillet at 365°. Add 2 tablespoons of the oil, 1 tablespoon of the butter, and half of the chicken to the skillet. Brown 3 minutes on one side; turn chicken over and brown an additional 3 minutes on other side. Remove to plate and cover with foil. Add the remaining 1 tablespoon oil and 1 tablespoon butter; brown remaining chicken, remove to plate. Add broth, lemon juice, wine, and capers to skillet. Reduce sauce by cooking 5 to 6 minutes until liquid has slightly thickened.

Turn off heat. Using nonstick whisk, mix in remaining 2 tablespoons butter until melted. Add chicken to pan and turn to coat evenly in sauce. Sprinkle with parsley.

8 servings

Poached Chicken

2 boneless, skinless chicken breasts	3 cloves garlic, minced
3 cups chicken broth	2 teaspoons dried rosemary
1 cup white wine	1 teaspoon peppercorns
1 small onion, sliced	1 bay leaf

Place chicken between sheets of wax paper; pound to an even ½ inch thickness. Add chicken, broth, wine, onion, garlic, rosemary, peppercorns, and bay leaf to skillet.

Cover skillet and heat at 165°. Poach chicken by cooking for 17 minutes. Timing begins as soon as control is set. Remove chicken from poaching liquid. Use chicken as desired.

Variation: Salmon fillets, 3 to 5 ounces each, can be poached in the same manner. Replace garlic, bay leaf, and rosemary with 4 or 5 lemon slices and 1 or 2 sprigs of fresh dill. Reduce cooking time to 14 to 15 minutes.

2 servings

Presto Tips: Poached chicken works well in salads and in soup or stew recipes that call for cooked chicken.

Poaching liquid can be strained and used as a soup starter or in recipes that call for chicken stock.

Savory Chicken Salad with Jalapeño and Curry

Greek Chicken and Couscous Lettuce Cups

- | | |
|---|--|
| 1 pound boneless, skinless chicken breast | 1 cup Israeli (pearl) couscous, uncooked |
| 3 cups chicken broth | 3/4 cup artichoke hearts, quartered |
| 1 cup white wine | 3/4 cup crumbled feta |
| 1 small sliced onion | 3/4 cup Kalamata olives, pitted and sliced |
| 3 cloves garlic, minced | 1/2 cup grape tomatoes, quartered |
| 2 teaspoons dried rosemary | 1/3 cup English cucumber, diced |
| 1 teaspoon peppercorns | 1/3 cup orange bell pepper, diced |
| 1 bay leaf | 1/4 cup red onion, finely diced |
| ••••• | Lemon Mint Vinaigrette (recipe below) |
| 1 1/2 cups water | Salt and black pepper, to taste |
| 1/2 teaspoon salt | 1 to 2 heads of Bibb, Butter, or Boston Leaf Lettuce, whole leaves, washed and dried |
| 1 teaspoon oil | |

Place chicken between two sheets of wax paper; pound to an even 1/2 inch thickness. Add chicken, broth, wine, onion, garlic, rosemary, peppercorns, and bay leaf to skillet.

Cover skillet and heat at 165°. Poach chicken by cooking for 17 minutes. Timing begins as soon as control is set. Turn off skillet and unplug. Remove chicken from poaching liquid. Cool, dice, and refrigerate until ready to use. Empty poaching liquid and clean skillet.

Plug skillet back in. Add water to skillet and heat to 210°. When water boils, add salt, oil, and couscous. Cover and reduce heat to 170°. Cook couscous 8 minutes or until al dente, stirring 4 to 5 times. Turn off skillet. Pour cooked couscous into a fine mesh strainer and rinse under cold water to halt the cooking process. Drain well.

In large bowl, toss the chicken, artichokes, feta, olives, tomatoes, cucumber, bell pepper, onion, and vinaigrette. Add couscous and gently blend all items. Stir in salt and pepper. Spoon 1/2 cup of mixture into each lettuce cup and serve immediately.

Makes 16 lettuce cups

NOTE: Mixture can be kept in refrigerator 2 to 3 days.

Caramelized Pork Stir Fry

- | | |
|--|--|
| 1 tablespoon packed brown sugar | 3 tablespoons vegetable oil, divided |
| 1 tablespoon fish sauce | 3 heads baby bok choy, roughly chopped |
| 1 tablespoon soy sauce | 1 carrot, thinly sliced on diagonal |
| ½ teaspoon five spice powder | 1 medium red pepper, thinly sliced |
| ½ teaspoon dried red pepper flakes | 1 small onion, thinly sliced |
| 1 clove garlic, minced | 4 ounces snow peas |
| 1 teaspoon grated fresh ginger | 1 cup whole cashews |
| 1 pound pork tenderloin, sliced in ¼-inch rounds | ½ cup oyster sauce |

Whisk brown sugar, fish sauce, soy sauce, five spice powder, pepper flakes, garlic, and ginger in a medium bowl. Add pork slices and stir to evenly coat. Cover and refrigerate 1 hour.

Preheat skillet at 350°. Pat pork dry with paper towel. Add 1 tablespoon of the oil and half of the pork to the skillet in a single layer; brown about 4 minutes, turning once. Remove meat to a plate and cover with aluminum foil. Add another tablespoon of oil and brown remaining meat; remove to plate.

Add bok choy and carrot to skillet and stir fry 2 to 3 minutes. Add remaining tablespoon of oil. Stir in pepper, onion, and snow peas; stir fry an additional 5 to 6 minutes until crisp tender. Turn off heat and return pork to skillet. Add cashews and oyster sauce; stir to evenly coat all ingredients with sauce.

Sous Vide Coffee Crusted Steak

Instructions for sous vide cooking can be found on page 8.

2 teaspoons ground coffee*	••••••••
2 teaspoons packed brown sugar	2 (6- to 8-ounce) rib-eye steaks
2 cloves garlic, minced	2 zip-top freezer bags or vacuum seal bags
1 teaspoon black pepper	1 tablespoon vegetable oil
1 teaspoon salt	

Fill skillet with 4 quarts water. Set heat control to desired temperature (see time/temperature table on page 9). Heat water until control signals that desired temperature has been reached.

Mix coffee, brown sugar, garlic, pepper, and salt in a small bowl. Pour mixture onto a plate. Rub steaks evenly on both sides with coffee mixture.

Seal each steak in plastic bag, following step 3, page 8. Add sealed bags to skillet. Place cooking rack over bags to submerge. Cover skillet and cook for desired time based on preferred doneness (see time/temperature table on page 9).

Remove cover when done cooking, and carefully remove rack and bags with tongs. Turn off skillet and unplug. Carefully empty water from skillet and wipe dry.

Plug skillet back in, and preheat to 400°. Remove steaks from bags and pat dry with paper towel, if necessary. Add oil and sear steaks approximately 1 minute on each side.

2 servings

*Any roast or grind of coffee will work; use your favorite type.

Presto Tip: *New York or Porterhouse cuts may be substituted for rib-eye.*

Mushroom Pesto Pizza

3 tablespoons olive oil, divided	1 (15-ounce) package prepared pizza dough, room temperature
8 ounces baby portabella mushrooms, sliced (about 2½ cups)	½ cup pizza sauce
½ cup chopped onion	½ cup sliced black olives
½ cup sliced red pepper	2 tablespoons prepared pesto
1 tablespoon cornmeal, divided	5 ounces fresh mozzarella, cut into ½-inch cubes
	2 tablespoons fresh basil leaves, torn

Preheat skillet at 300°. Add 1 tablespoon oil to skillet; sauté mushrooms, onion, and pepper until onion is tender, about 5 minutes. Remove vegetable mixture from skillet; reserve. Clean skillet.

Reduce heat to 260°. Grease bottom of skillet lightly with 1 tablespoon oil and sprinkle lightly with half of the cornmeal. Pat dough out evenly in skillet to cover bottom surface. Cook, covered, 20 minutes. Brush remaining tablespoon of oil over surface of dough and sprinkle with remaining cornmeal. Carefully turn dough over in skillet, using spatulas.

Spoon pizza sauce evenly on crust. Top with reserved vegetable mixture and olives. Spoon pesto lightly over vegetable mixture. Scatter cheese over surface. Cook, covered, 18 to 20 minutes. Turn off heat. Place basil leaves on top of pizza. With spatulas, remove pizza to cutting board and cut into squares.

4 to 6 servings

Presto Tips: *Prepared pizza dough is available in the bakery or frozen food section of most grocery stores.*

The skillet is a great way to reheat leftover pizza. Preheat at 260°. Place pizza in skillet and cover. Heat 10 minutes or until cheese is melted.

Eggs (soft-, medium-, and hard-cooked)

Prepare up to 12 large eggs at a time. Pour 2 cups water in skillet. Place eggs on rack in skillet and cover. Heat skillet at 250°.

- For soft-cooked eggs, cook 11 minutes.
- For medium-cooked eggs, cook 12 minutes.
- For hard-cooked eggs, cook 20 minutes.

Immediately remove eggs and place in a pan containing ice water.

- For soft- and medium-cooked eggs, allow eggs to cool 1 minute or until cool enough to peel. Use soft- and medium-cooked eggs immediately.
- For hard-cooked eggs, allow eggs to cool 10 minutes or until cool enough to peel. If not using immediately, refrigerate hard-cooked eggs until ready to use.

Fish and Seafood

Blackened Catfish with Couscous

2 (4-ounce) skinless, boneless catfish fillets	2 cloves garlic, minced
1 teaspoon cayenne pepper	1 cup zucchini, ½-inch pieces
1 teaspoon ground cumin	½ cup chopped onion
1 teaspoon paprika	½ cup thin asparagus, cut diagonally into 1-inch pieces
1 teaspoon salt	½ cup Israeli (pearl) couscous, uncooked
1 teaspoon dried thyme leaves	1 cup chicken broth
½ teaspoon black pepper	1 tablespoon lemon juice
1 tablespoon olive oil	2 sprigs of thyme
1 tablespoon butter	

Rinse catfish fillets under cold water and pat dry with paper towels. In small bowl, combine cayenne, cumin, paprika, salt, thyme, and pepper. Coat both sides of fish with spice mixture.

Preheat skillet at 400°. Heat oil and butter until melted. Add fillets to skillet; sear 2 minutes, gently flip fillets, and sear 2 more minutes. Remove fillets to a plate, cover, and set aside.

To existing liquid in skillet, add garlic, zucchini, onion, and asparagus. Cook 4 to 5 minutes, stirring occasionally.

Reduce heat to 220°. Add couscous, broth, lemon juice, and thyme sprigs. Stir well until couscous is fully covered with liquid. Cover and simmer 8 to 10 minutes, stirring once or twice. If mixture starts to stick, stir in 1 to 2 tablespoons of water.

When couscous and vegetables are al dente, return fillets to skillet. Reduce heat to 185°; cover and heat gently 5 to 6 minutes. Serve immediately.

2 servings

Presto Tip: Mild fish, such as tilapia, can be substituted for catfish.

Salmon with Lime Butter Sauce

4 (4-ounce) salmon fillets, 1 inch thick	2 limes (1 juiced and 1 thinly sliced)
½ teaspoon salt	2 tablespoons butter
¼ teaspoon black pepper	

Preheat skillet at 375°. Season salmon with salt and pepper. Place salmon skin side down in skillet and cook about 15 minutes. Turn fish and cook other side, pressing slightly to flatten. Cook about 7 minutes or until cooked through. Remove to serving dish and cover with aluminum foil. Add lime juice and butter to skillet, stirring until butter is melted. Turn off heat and add lime slices, stirring until coated. Pour sauce and limes over fish.

Fudge Brownie Ice Cream Pie

- 2 tablespoons sliced almonds
- 2 tablespoons butter
- 1 ounce unsweetened chocolate, coarsely chopped
- ½ cup sugar
- 1 egg
- ¼ teaspoon almond extract
- ¾ cup all-purpose flour
- ¼ teaspoon baking powder
- ¼ teaspoon salt
- 1 quart vanilla ice cream
- Fudge Ice Cream Topping** (recipe on next page)

Coat 8-inch foil pie pan with no-stick cooking spray.

Preheat skillet at 300°. Add almonds; toast about 1 to 2 minutes, stirring gently. Remove and reserve.

Place butter and chocolate in small microwave-safe bowl. Microwave mixture 30 seconds and stir. Continue to heat in 15-second intervals, stirring each time, until chocolate is completely melted.

Beat sugar, egg, and almond extract until fluffy in medium bowl; gradually fold in chocolate mixture. Stir in flour, baking powder, and salt until well blended. Spread batter evenly in prepared pan.

Heat skillet at 400°. Place pie pan on rack in skillet; cover and cook 30 minutes. Remove pie pan; cool on wire rack.

Scoop ice cream over brownie in pie pan, mounding in center. Sprinkle with toasted almonds. Freeze until hard. Serve with fudge topping.

Cheesecake

½ cup graham cracker crumbs	1 egg yolk
1 tablespoon butter, melted	2 tablespoons half and half
1 (8-ounce) package cream cheese, softened	2 tablespoons vanilla extract
¼ cup sugar	2 cups fresh strawberries, sliced
1 egg	

Add 2 quarts water and rack to skillet. Cover and heat at 210°.

Combine cracker crumbs and butter in small bowl. Divide crumbs evenly into 4 custard cups. Press down lightly.

With an electric mixer, beat cream cheese until smooth. Beat in sugar, egg, egg yolk, half and half, and vanilla just until smooth. Divide cheesecake evenly among custard cups. Cover custard cups with aluminum foil and place on rack. Cook, covered, 25 minutes.

Remove custard cups from skillet and cool. Refrigerate at least 2 hours. Top with strawberries and serve.

Beverages

Mulled Cider

- | | |
|-------------------------------------|-------------------|
| 2 quarts apple cider | 15 whole cloves |
| 1 ½-inch piece fresh ginger, peeled | 3 cinnamon sticks |

Heat skillet at 160°. Add cider, ginger, cloves, and cinnamon sticks to skillet. Cover skillet and heat 1 to 2 hours. Discard ginger, cloves, and cinnamon sticks.

10 servings (serving size 6 ounces)

Mulled Wine

- | | |
|--|-------------------|
| 1 (750 ml) bottle dry red wine, such as Cabernet or Merlot | 3 cinnamon sticks |
| ⅓ cup honey | 10 whole cloves |
| 1 orange, thinly-sliced, with peel | 1 star anise |

Heat skillet at 145°. Add wine, honey, orange, cinnamon sticks, cloves, and anise to skillet; stir until honey dissolves. Cover skillet and heat 30 to 60 minutes. Discard orange slices, cinnamon sticks, cloves, and star anise.

5 servings (serving size 5 ounces)

Care and Cleaning

Before initial use and after each subsequent use, remove the heat control and wash the skillet (including the bottom) and cooking rack in warm, soapy water. Rinse and dry thoroughly. **Do not use steel wool or abrasive kitchen cleaners. Do not immerse the heat control in water or let it come in contact with any liquid.** Do not wash the skillet body in the dishwasher.

In time, the ceramic coating may darken over the heating element due to a buildup of grease residue. To minimize or remove this discoloration, sprinkle baking soda over the discolored area. Add enough water to make a paste. Allow paste to sit for several minutes and then scour with a nylon mesh scouring pad, such as Scotch-Brite® Non-Scratch Scrub Sponge or a damp cloth. Wash and dry thoroughly. Repeat the procedure, if necessary.

Wipe the plastic portion of the heat control with a damp cloth, if needed.

Important: To ensure continued accuracy of the digital heat control, avoid rough handling in use and storage.

Periodically check the screws on the cover handle and skillet handles for looseness. Retighten, if necessary. **NOTICE:** Continuing to tighten, once secure, can result in the stripping of screws or the cracking of handles.

Glass Cover Care and Use Instructions

CAUTION! The glass cover may break for no apparent reason if you fail to follow these instructions. Broken glass can cause personal injury or property damage.

Handle the cover carefully. Do not scrape or gouge the glass with hard or sharp utensils. Do not handle a hot cover with a wet towel or place it on a cold or wet surface. Sudden, extreme changes in temperature may cause the glass to break. Do not use the cover if it is chipped or cracked. Avoid rough handling in use and storage.

Keep the cover clean. Allow the cover to cool before washing. This cover is dishwasher safe. Do not use steel wool cleaning pads or abrasive powders which can scratch or weaken the glass. Nonabrasive pads or powders may be used if necessary.

Presto® Limited Warranty

(Applies only in the United States)

This quality Presto® appliance is designed and built to provide many years of satisfactory performance under normal household use. Presto pledges to the original owner that should there be any defects in material or workmanship during the first year after purchase, we will repair or replace it at our option. Our pledge does not apply to damage caused by shipping. ***Outside the United States, this limited warranty does not apply.***

To obtain service under the warranty, please call our Consumer Service Department at 1-800-877-0441. If unable to resolve the problem, you will be instructed to send your Presto® appliance to the Presto Factory Service Department for a quality inspection; shipping costs will be your responsibility. When returning an appliance, please include your name, address, phone number, and the date you purchased the appliance as well as a description of the problem you are encountering with the appliance.

We want you to obtain maximum enjoyment from using this Presto® appliance and ask that you read and follow the instructions enclosed. Failure to follow instructions, damage caused by improper replacement parts, abuse, misuse, disassembly, alterations, or neglect will void this pledge. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. This is Presto’s personal pledge to you and is being made in place of all other express warranties.
