

PRESTO®

TRAVELING SLOW COOKERS NOMAD™ TRAVELING SLOW COOKERS NOMAD™ TRAVELING SLOW COOKERS

Make breakfast exciting, dessert extraordinary, and take lunch to a new level. The Presto® Belgian Waffle Bowl Maker bakes a delightfully different kind of waffle bowl—thick, fluffy, and tender because it's a real waffle.

Drizzle it with syrup. **Fill it** with eggs, ham, sausage, hash browns, stew, chili, fresh fruit, even ice cream.

Fold it with chicken or fish and all the fixings for a fabulous waffle taco!

Simply pour in your favorite waffle batter, close the cover, and bake. Signal light indicates when the waffle

bowl maker is ready to use. Includes recipes for traditional, savory, and sweet waffles. The nonstick grids assure easy waffle bowl removal.

Belgian Waffle Bowl Maker
120 volts AC, 750 watts
Stock No. 03500

Bake extra-thick Belgian waffles in minutes. A professional-style rotating design lets you flip this waffle maker 180° to evenly spread batter for delicious waffles that are crispy outside and tender inside.

The extra-thick **ceramic nonstick grid** makes a 7-inch diameter waffle with four easy-to-cut sections.

Dual-function base flips from side to side when cooking and conveniently allows waffle maker to lock in a vertical position for compact storage. Brushed stainless steel exterior provides lasting beauty.

FlipSide® Belgian Waffle Maker
120 volts AC, 1100 watts
Stock No. 03510

► The unbelievable Pizzazz® ◀

The Pizzazz® Plus rotating pizza oven features an open-oven design that truly bakes fresh or frozen, regular or rising crust pizza to perfection! It also prepares frozen convenience foods—chicken wings or nuggets, jalapeño poppers, fish fillets, egg rolls, quesadillas, and grilled sandwiches.

The rotating tray continually turns the food assuring even baking. Heating elements are controlled separately; select top, bottom, or both elements for perfect results. This rotating oven can save as much as 60% on energy use compared to conventional ovens.

Nonstick baking pan is removable for easy cleaning and storage.

Pizzazz® Plus rotating pizza oven
120 volts AC, 1235 watts
Stock No. 03430

Bake your favorite 7- to 12-inch frozen pizza with this traditional stainless steel pizza oven. Top and bottom heating elements bake regular or rising crust pizza from both sides with individually controlled elements.

At the end of the selected cooking time, a timer alerts the user and conveniently turns off the heating elements. Cleaning and storage are easy too! The baking rack removes completely for easy cleanup, and the hinged crumb tray flips open to remove crumbs.

When the pizza oven is not in use, the cool-touch handle on the baking rack folds in to save counterspace.

Stainless Steel Pizza Oven
120 volts AC, 1300 watts
Stock No. 03436

Locking lid seals tight for spill-proof transportation!

Cook and go!

► Rugged, wide-profile “cooler-style” slow cooker ◀

Slow-cook foods and take them on the road with the Nomad™ traveling slow cooker. Its wide-profile cool-touch housing with swing-up handle makes carrying easy and prevents tip-overs when traveling. The locking lid seals tight for spill-proof transportation. Make soups, stews, casseroles, chicken, roasts and more. Available in 6- and 8-quart sizes, great for home or away. A built-in dry erase board with marker is handy for messages.

The Nomad™ traveling slow cooker is great for buffet-style foods—pulled pork, chicken wings, sloppy joes, hot beef and more. It tenderizes leaner cuts of meat and offers slow-cook settings for high, low, and keep warm.

The hinged, removable cover has a large see-through glass window and features a detachable utensil holder with silicone cord that secures a utensil during transport and doubles as a spoon* rest when serving. Removable nonstick cooking pot is fully immersible for easy cleaning. Built-in cord storage.

Detachable utensil holder with silicone cord secures utensil for transport. Doubles as a spoon* rest.

Just fill the reservoir with hot water from a tea kettle or heat the filled reservoir in a microwave.

MyJo® lets you enjoy the convenience of a single cup coffee maker without the high cost. Its compact design lets you take it anywhere—**home, work, school, travel, or camping.**

Use your favorite single serve packs of coffee, tea, and hot cocoa. A bonus refillable MyJo® cup lets you brew your favorite ground coffee too!

The water reservoir detaches from the base for filling and heating water. It's easy to handle with the slip- and heat-resistant silicone grip. Place the assembled MyJo® coffee maker on top of your coffee mug, then pump to brew. The cover with pump compresses air inside the reservoir to push water through the refillable or single serve pack to brew a 6-, 8-, or 10-ounce serving.

MyJo® works with most travel mugs and coffee cups. Easy to clean too! Just toss the single serve pack and rinse the base.

MyJo® single cup coffee maker
Stock No. 02835

Insert single serve pack.

Or, use the refillable MyJo® cup with your ground coffee.

Pump to brew.

Enjoy the simple comforts of home almost anywhere you go. The whistling electric tea kettle is great for tea, instant coffee, hot chocolate, gelatin desserts, hot cereals, instant soups and more. Boil up to a full quart of water faster than a microwave! The built-in whistle indicates when water is boiling, and the thermostat automatically shuts the tea kettle off if it boils dry. Flip-up stainless steel lid makes filling easy and directs steam away when pouring. Anodized interior base resists mineral buildup.

Whistling Electric Tea Kettle
Water capacity: 1 quart (.95 liter)

► **Classic design, fabulous coffee!** ◀

Brew great-tasting coffee, rich and hot, as fast as a cup a minute in this luxurious stainless steel coffee maker. Its beautiful traditional design with easy-pour spout provides elegant coffee service anytime.

The signal light indicates when coffee is ready to serve. Stainless steel construction including the filter basket and perk tube ensure easy cleaning and long-lasting beauty.

Available in 6- and 12-cup models.

6-Cup Stainless Steel Coffee Maker
(makes 2 to 6 cups)
120 volts AC, 500 watts
Stock No. 02822

This versatile microwave multi-cooker is designed to cook a block of ramen noodles—then the bowl can be collapsed for easy serving. It's also great for making mac and cheese, bacon, soup, and popping corn.

It pops up to 3 quarts of popcorn, with or without oil, butter or salt, and serves in the same bowl. Cook up to 10 strips of crisp, delicious bacon on an easy-to-load removable rack. Fat conveniently drips away while bacon is cooking.

The lid prevents spatters in the microwave and doubles as a strainer when cooking noodles. The multi-cooker works in most any microwave with cavity sizes over 7¼" H x 12" W. The bowl and cover are dishwasher safe. Easy to store too! The bowl collapses and the bacon rack and chopsticks store neatly inside.

Cook ramen noodles, mac and cheese, bacon, soup... and pop great popcorn too!

COLLAPSES
for convenient storage!

Collapsible Silicone Microwave Multi-cooker
Stock No. 04835

the practicality of microwave products

Make crisp, delicious bacon in your microwave!

Cooks leaner and healthier than pan-fried because fat drips away from bacon and into the tray. Makes up to 12 strips of bacon, crisp or tender, with no messy spatters on counter or stovetop. Bacon cooker is fully immersible and dishwasher safe. Removable cooking racks stack in the tray for easy, compact storage.

PowerCrisp™ microwave bacon cooker
Stock No. 05101

Pop with or without oil for popcorn the way you like it! This PowerPop® microwave popper utilizes a PowerCup® concentrator to focus microwave energy so effectively that virtually every kernel pops.

Pop yellow, white, or hybrid popcorn fast—up to 3 quarts in as little as 2½ minutes. The concentrator can be used for multiple batches; one is included. Popper fits in most microwave ovens, even compact models with cavity sizes as small as 6½" H x 10" W. Popping bowl and lid are fully immersible and dishwasher safe.

PowerPop® microwave popper
Stock No. 04834

Orville Redenbacher's* PowerPop® by Presto features special PowerBase™ and PowerCup® concentrators that combine to focus microwave energy so effectively that virtually every kernel pops.

Pop with or without oil for popcorn the way you like it! It pops up to 3 quarts of delicious popcorn in as little as 2½ minutes. Popper fits in most microwave ovens, even compact models with cavity sizes over 6½" H x 10" W. PowerCup® concentrators can be used for multiple batches. A supply is included. Make up to 6 quarts of great-tasting popcorn with virtually no unpopped kernels! This stirring popper features a motorized, **scalloped stirring arm** that enables even distribution of corn for superb popping performance. Multi-point cover venting assures delicious, crispy popcorn.

The built-in melter distributes butter over corn as it pops. After popping, attach butter melter lid and flip popper over to use the cover as a serving bowl. The base features a nonstick surface for easy cleaning. Base nests inside cover for compact storage.

Orville Redenbacher's* Stirring Popper by Presto
120 volts AC, 900 watts
Stock No. 05204

Popcorn pops up through the chute and flows into the see-through cover like a fountain. Specially engineered stainless steel restrictors help to optimize popping performance, making up to 20 cups in about 3½ minutes with virtually no unpopped kernels. The Fountain® popper pops with hot air, not oil, for a low-fat treat. Vented cover assures popcorn is crispy and delicious every time. Lid snaps over vents allowing cover to conveniently double as a serving bowl. The base and cover wipe clean. Base nests inside cover for compact storage.

Orville Redenbacher's* Fountain® Hot Air Popper by Presto
120 volts AC, 1275 watts
Popping Capacity: 5 quarts (4.8 liters)
Stock No. 04868

► Health-mindful choice ◀

Get superb popping performance with Presto® hot air poppers. They pop with hot air, not oil, for a delicious low-fat treat using regular or gourmet popping corn.

Presto® hot air poppers are **fast, healthy, and economical!** Hot air popcorn is all natural with no artificial flavors or added salt. Zero grams of saturated fat per serving.

Pop up to 18 cups of popcorn in less than 2½ minutes—and with virtually no unpopped kernels.

The handy measuring scoop doubles as a butter melter for those times when you want a buttery treat. The chute directs popped corn into your bowl.

It pops without oil, so there's virtually no clean-up; the base and cover simply wipe clean. Built-in cord wrap provides convenient storage.

Introducing the New Professional SaladShooter®

Take the work and mess out of slicing and shredding.

Standard Model
Includes
two cones

The innovative hand-held SaladShooter® slicer/shredder takes the work and mess out of slicing and shredding vegetables, fruits, cheese, nuts and more. Shoot one ingredient after another for delicious salads, soups, pizzas, desserts and more.

Interchangeable slicing and shredding cones slip right in for easy transitioning between functions. Motorized base wipes clean; all other parts are dishwasher safe. Its compact size makes it easy to store most anywhere, even in a drawer.

SaladShooter® electric slicer/shredder
120 volts AC
Stock No. 02910

This kitchen essential will slice or shred a wide array of vegetables, fruits, and cheese for delicious salads, soups, pizzas, and tacos!

Professional SaladShooter® slicer/shredder features a powerful motor and interchangeable cones for **thick slices, ripple slices, medium shreds, and super shreds**, plus a handy funnel guide that directs ingredients.

Just point and shoot where you want, no extra bowls to clean. The large food chamber holds whole potatoes for making hash browns.

Perfect for shredding cheese! Slice fruits for salads and desserts. Make super shreds for stir-fry and coleslaw—and slice ripple cuts for beautiful vegetable trays. Professional SaladShooter® is so versatile, it even chops nuts, grates chocolate, and makes bread, cookie, and cracker crumbs.

The adjustable food guide adapts to large or small loads for all your cooking tasks. Easy to clean too! The motorized base wipes clean and everything else is dishwasher safe.

Indoor Rotisserie Turkey Fryer

Cooks a moist, flavorful turkey in about 60 minutes using only 4 quarts of oil.

This indoor electric turkey fryer features a motorized rotisserie that continually rotates the turkey in and out of the oil for perfect results using only 4 quarts of oil. Fry up to a 15-pound turkey (frozen "tag" weight) in about 4 minutes per pound with this innovative frying method.

It uses one-third the oil of traditional electric turkey fryers and only **one-sixth the oil of many outdoor fryers**, saving money on oil!

In addition to frying a delicious turkey, this multi-use deep fryer includes a fry/steam basket that replaces the rotisserie for deep frying, boiling, and steaming.

Features stainless steel housing, a spatter-shield cover, an adjustable thermostat, and an 1800-watt immersion element that assures quick preheating and fast oil temperature recovery. Handy indicator lights show when the unit is plugged in and when oil is ready for frying. Heating element and enameled pot are removable for cleaning.

ProFry™ electric rotisserie Turkey Fryer
 Oil capacity: 5 liters (5.3 quarts)
 120 volts AC, 1800 watts
Stock No. 05487

Basket replaces rotisserie for deep frying fish, fries, and chicken.

Boils and steams foods too! Great for vegetables and seafood.

CoolDaddy® cool-touch deep fryer
 Oil capacity: 1.9 liters (2 quarts)
 White; 120 volts AC, 1500 watts
Stock No. 05443

CoolDaddy® cool-touch deep fryers fry up to 6 cups of food and offer a cool-touch exterior, available in either black or white. An exterior handle enables you to lower food into hot oil with the cover closed to prevent spattering. The cover also locks in place as an added measure for preventing spatters and reducing odor.

► Cool-Touch Exterior ◀

Temperature settings are easily selected with an adjustable thermostat. Large viewing window lets you supervise frying without opening the cover.

Replaceable charcoal filter helps to absorb frying odors and replaces easily. Removable pot provides quick and easy cleaning.

CoolDaddy® cool-touch deep fryer
 Oil capacity: 1.9 liters (2 quarts)
 Black; 120 volts AC, 1500 watts
Stock No. 05442

▶ Efficient oil-to-food ratio ◀

Fry perfect french fries, onion rings, shrimp, doughnuts and more with an efficient oil-to-food ratio. The ideal frying temperature is maintained automatically for consistent results every time. Handy scoop lifts, stirs, separates, drains, and serves.

Nonstick surface, inside and out, assures easy cleaning. Snap-on lid allows oil to be conveniently stored in the fryer without spills or odor.

Fries 4 cups of food with only 4 cups of oil.

▼ **FryDaddy® electric deep fryer**
Oil capacity: .95 liter (1 quart)
120 volts AC, 1200 watts
▼ **Stock No. 05420**

Fries 6 cups of food with only 6 cups of oil.

▼ **GranPappy® electric deep fryer**
Oil capacity: 1.4 liters (1.5 quarts)
120 volts AC, 1500 watts
▼ **Stock No. 05411**

Fry crispy french fries, shrimp, chicken, and onion rings in this compact 1-liter size deep fryer with wire basket. Brushed stainless steel exterior with an anodized aluminum interior for fast, uniform heating.

Indicator light signals when the fryer is plugged in. Select from a wide range of frying temperatures with the adjustable thermostat.

Cover is vented with a built-in screen to help reduce odor and spattering when frying.

1-liter Stainless Steel Electric Deep Fryer
Oil capacity: 1 liter (1.1 quarts)
120 volts AC, 1000 watts
Stock No. 05470

This novel DualDaddy® deep fryer features a divider that **fries two foods at once**. Remove the divider and the fryer's **oval shape** will easily accommodate extra-large batches or large pieces of chicken or fish.

It fries up to 8 servings of french fries, fast and easy. A preset thermostat maintains the ideal frying temperature automatically. Nonstick surface, inside and out, for quick and convenient cleaning. The snap-on lid allows oil to be stored in the fryer without spills or odor. Handy scoop lifts, drains, separates, and serves.

DualDaddy® electric deep fryer
Oil capacity: 1.9 liters (2 quarts)
120 volts AC, 1500 watts
Stock No. 05450

5-liter Dual Basket ProFry™ immersion element deep fryer
Oil capacity: 5 liters (5.3 quarts)
120 volts AC, 1800 watts
Stock No. 05485

Fry two foods at once or extra large batches. An 1800 watt immersion element assures quick preheating and fast oil temperature recovery. Big 12-cup food capacity and oblong-shaped baskets let you fry family-size quantities or large pieces of chicken or fish.

Select from a variety of frying temperatures with the adjustable thermostat. Spatter shield cover helps to reduce spattering. Dual signal lights indicate when fryer is plugged in and when the oil is ready for frying.

Stainless steel body housing with removable heating element and enameled pot provide easy cleaning. Baskets and heating element nest inside pot for compact storage.

Fry two foods at once or extra-large batches with these professional-style dual basket ProFry™ deep fryers. Big 12-cup food capacity and oblong-shaped baskets allow family-size quantities or large pieces of chicken or fish. Available in black stainless steel or traditional stainless steel body housing. The 1800-watt immersion element assures quick preheating and fast oil temperature recovery. Select from a variety of frying temperatures with the adjustable thermostat. Spatter shield cover helps to reduce spattering. Signal light indicates when oil is ready for frying. Removable heating element and enameled pot provide easy cleaning. Baskets and heating element nest inside pot for compact storage.

Stock No. 07071 (shown with meat)

Tilt-n-Fold™ griddles offer convenience and versatility for breakfast, lunch, and dinner as well as simple, compact storage. Tilt-n-Fold™ griddles easily adjust from a level cooking surface for eggs and pancakes to a **tilted surface for draining meats**. Simple flip-down levers tilt the grilling surface for draining meat while cooking. For compact storage, just fold in the legs and the drip tray locks in place. Griddle fits in most standard 18-inch cabinets.

Heavy cast aluminum griddle with nonstick cooking surface assures stick-free cooking and easy cleaning. The desired cooking temperature is maintained automatically with the Control Master® heat control. Slide-out drip tray removes for quick cleanups, and the griddle is fully immersible with the heat control removed.

Removable handles

These extra-large Electric Griddles will make enough food for the entire family and still store neatly in the kitchen cabinet. They feature removable handles for easy cleaning and compact storage. Simply open the latch clips to detach the handles from the base. With the handles removed, the base stores efficiently in most standard 18-inch kitchen cabinets.

Available with ceramic or traditional nonstick surface. Both griddles feature a **premium textured cooking surface** that provides enhanced nonstick performance for stick-free cooking and easier cleaning. Heavy cast aluminum griddle is virtually warp-proof. The Control Master® heat control automatically maintains the desired cooking temperature. Griddle is fully immersible with the heat control removed. Slide-out drip tray removes for easy cleaning.
