Stuffler™ stuffed waffle maker
120 volts AC, 900 watts
Stock No. 03512

Delicious stuffed waffles, fast and easy!

Just pour in batter.

Add the stuffing and more batter.

Close the cover, flip, and cook.

Insert single serve pack.

Or, use the refillable MyJo® cup with your ground coffee.

Pump to brew.

Just fill the reservoir with hot water from a tea kettle or heat the filled reservoir in a microwave.

MyJo® lets you enjoy the convenience of a single cup coffee maker without the high cost. Its compact design lets you **take it anywhere**—home, work, school, travel, or camping. Use your favorite single serve packs of coffee, tea, and hot cocoa. Place the assembled MyJo® coffee maker on top of your coffee mug, then pump to brew. The cover with pump compresses air inside the reservoir to push water through the refillable or single serve pack.

- Water reservoir detaches from the base for filling and heating.
- Brews a 6-, 8-, or 10-ounce serving.
- Bonus refillable MyJo® cup lets you brew your favorite ground coffee too!
- Works with most travel mugs and coffee cups.
- Slip- and heat-resistant silicone grip.

Introducing....
*the first electric
 pressure canner that
 safely processes
 low-acid foods.*

*Doubles as a
 boiling water
 canner too!*

LED display icons illuminate each step from start to completion.

Digital canner preheats jars and keeps them warm while you fill the jars for processing.

Automated for simple home canning!

First digital pressure canner that meets USDA guidelines for safely processing low-acid foods such as vegetables, meat, poultry, fish, and seafood. Doubles as a boiling water canner for preserving fruits, jams, jellies, pickles, and salsa. Innovative sensor automatically detects and holds exact processing temperature for the time required for safe home canning. Digital display guides user step by step.

- No adjustments needed for pressure canning at high altitudes.
- No need to watch or adjust settings.
- Control knob selects canning method and time.
- Digital interface guides user through each canning method—pressure canning and boiling water canning.
- Includes recipes with standard processing times in accordance with USDA guidelines.
- Removable pot for easy water removal and cleaning.

Stovetop Pressure Canners

The only full-sized pressure canner that works on an induction range!

23-quart induction compatible Pressure Canner with stainless steel-clad base
Liquid capacity: 23 quarts (21.8 liters)
Stock No. 01784

Stock your pantry with home-canned vegetables, fruits, spaghetti sauce, meat, fish, and seafood harvested at the peak of the season!

Pressure canning is the only safe method recommended by the USDA for canning low-acid foods such as vegetables, meats, poultry, and fish. Presto® Pressure Canners double as boiling water canners* for preserving fruits, jams, jellies, pickles, and salsa. The air vent/cover lock allows pressure to build only when the cover is closed properly and prevents the cover from opening until pressure is safely reduced.

- Pressure dial gauge registers a complete range of processing pressures, which is especially important in high altitude areas.
- Durable heavy-gauge aluminum for long life and fast, even heating.
- Works on electric, smooth-top, and gas ranges, as well as induction (01784 only).
- Cooking/canning rack.
- Complete 80-page instruction/recipe book for canning and large-capacity pressure cooking.
- Extended 12-year limited warranty.
