MyJo™

single cup coffee maker

www.MyJoCoffee.com

The convenience of a single cup coffee maker without the high cost of special brewing machines.

Now you can enjoy your favorite single serve packs anywhere you go.

Great for home, work, school, travel, even camping.

- The portable and affordable way to brew your favorite single serve packs. Works with most travel mugs and coffee cups.
- Compresses air inside the reservoir to push water through the single serve pack and into your coffee mug or cup.
- Microwave-safe water reservoir features fill lines at 6-, 8-, and 10-ounce serving levels.
- Slip- and heat-resistant silicone grip provides easy handling when hot water is in the reservoir.
- Easy to clean! Simply toss the single serve pack and rinse the base.

Just three easy steps to great coffee, tea, and hot cocoa!

1. Heat Water

Fill reservoir to desired level with hot water from a tea kettle or heat the filled reservoir in a microwave.

2. Assemble

Insert single serve pack in base, place pump on reservoir, and attach reservoir to base.

3. Brew and Enjoy

Place coffee maker on top of your favorite coffee mug or cup and pump water through the base to brew.

Bonus MyJo™ Cup!

Refillable MyJo™ Cup lets you use your favorite ground coffee too—any brand, blend, or flavor.
