**NATIONAL PRESTO INDUSTRIES, INC.**

**3925 North Hastings Way  
Eau Claire, Wisconsin 54703**

**PROXY STATEMENT**

**ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON MAY 15, 2018**

The accompanying proxy is solicited by the Board of Directors of National Presto Industries, Inc. (the “Company”), for use at the Annual Meeting of Stockholders to be held at 3925 North Hastings Way, Eau Claire, Wisconsin 54703, on May 15, 2018, at 2:00 p.m. (CDT) (the “Annual Meeting”), and any adjournment thereof. When such proxy is properly executed and returned, the shares it represents will be voted at the meeting and at any adjournment thereof. Any stockholder giving a proxy has the power to revoke it at any time before it is voted. Presence at the meeting of a stockholder who has signed and returned a proxy does not alone revoke that proxy. The proxy may be revoked by returning a later dated proxy, giving written notice of revocation to the Secretary of the Company, or attending the Annual Meeting and voting in person.

At the Annual Meeting stockholders will be asked:

- (1) to elect Maryjo Cohen as director for a three-year term ending at the annual meeting to be held in 2021;
- (2) to ratify the appointment of BDO USA, LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018; and
- (3) to transact such other business as may properly come before the meeting.

Only stockholders of record as of the close of business on March 15, 2018, will be entitled to vote at the Annual Meeting. Only those stockholders, persons holding proxies from such stockholders, beneficial owners of shares who demonstrate that they are in fact beneficial owners, representatives of the media, and other guests who are invited by the management of the Company may attend the Annual Meeting. If you hold your shares through a broker or otherwise in street name, please bring a brokerage statement or a letter from a bank or broker confirming ownership as of the record date and valid photo identification.

The presence in person or by proxy of holders of a majority of the shares of stock entitled to vote at the Annual Meeting will constitute a quorum for the transaction of business. Abstentions and proxies submitted by brokers who do not have authority to vote on certain matters will be considered “present” at the Annual Meeting for purposes of determining a quorum. The proxy materials were first mailed to stockholders on or about April 10, 2018.

Under the New York Stock Exchange (NYSE) rules, if a broker holds a beneficial owner’s shares in its name and does not receive voting instructions from the beneficial owner, the broker has discretion to vote these shares on certain routine matters, including ratification of the appointment of BDO USA, LLP as the Company’s independent registered public accounting firm. However, on non-routine matters, the broker must receive voting instructions from the beneficial owner, as it does not have discretionary voting power for these particular items. Non-routine matters include the election of directors. So long as the broker has discretion to vote on at least one proposal, these “broker non-votes” are counted toward establishing a quorum. When voted on routine matters, broker non-votes are counted toward determining the outcome of that routine matter.

Directors are elected by a plurality of the votes cast, which means the individual receiving the largest number of votes will be elected director as chosen in the election. Therefore, shares voted as “withhold authority to vote” will have no effect on the election of the director.

Approval of each of the other proposals at the Annual Meeting requires the affirmative approval of a majority of the votes cast. Abstentions do not constitute a vote “for” or “against” the proposal and will be disregarded in the calculation of votes cast.

If a stockholder signs and returns a proxy card without specifying how to vote the shares, the person named as proxy on the proxy card will vote the shares **FOR** the election of the director nominee and **FOR** the ratification of BDO USA, LLP as the Company’s independent registered public accounting firm.

## Corporate Governance

During 2017, there were four Board of Directors meetings. Each of the directors attended all of the meetings of the Board of Directors, the 2017 Annual Meeting of Stockholders, and all meetings of committees on which that director served, with the exception of Mr. Quinn who did not attend an audit committee meeting held in March 2017. The attendance policy for members of the Board of Directors may be reviewed in the Corporate Governance Guidelines document found on the Company's website located at [www.gopresto.com](http://www.gopresto.com) and is available in print upon request.

The Board of Directors has determined that each of Messrs. Cardozo, Quinn, and Stienessen qualify as an "independent director" as defined by the rules of the New York Stock Exchange. The Board has determined that Messrs. Cardozo, Quinn, and Stienessen do not have a relationship with the Company, other than as a director, and are therefore independent.

The Company has Audit, Compensation, and Nominating/Corporate Governance Committees consisting of Messrs. Cardozo, Quinn, and Stienessen. During 2017, the Audit Committee held five formal meetings. The Board has determined that Mr. Stienessen qualifies as an Audit Committee Financial Expert under SEC rules. The Nominating/Corporate Governance Committee met once in 2017. The Compensation Committee had one meeting in 2017.

The purpose of the Audit Committee is to assist the Board in fulfilling its oversight responsibilities relating to: (1) the integrity of the Company's financial statements, (2) the Company's compliance with legal and regulatory requirements, (3) the independent auditor's qualifications and independence, and (4) the performance of the Company's internal audit function and independent auditors.

The purpose of the Compensation Committee is to discharge the Board's responsibilities relating to the CEO's compensation and make recommendations regarding the compensation of other executives, including review of the succession plans for the CEO and other senior executives. Activities of the Compensation Committee shall be consistent with the Company's overall direction and purpose regarding executive compensation as set forth in its charter. See also "Compensation Discussion and Analysis" for a further description of the functions performed by the Compensation Committee.

The purpose of the Nominating/Corporate Governance Committee is to identify individuals qualified to become Board members in accordance with the criteria described below and to take such other action consistent with provisions in its charter. The Nominating/Corporate Governance Committee is also responsible for advising the Board on corporate governance matters, which include developing and recommending to the Board corporate governance principles, overseeing the self-evaluation process for the Board and its committees, and such other functions as set forth in its charter.

Charters of the Nominating/Corporate Governance, Compensation, and Audit Committees; the Corporate Governance Guidelines; and the Corporate Code of Conduct are set forth in the Corporate Governance section of the Company's website located at [www.gopresto.com](http://www.gopresto.com) and are available in print upon request.

The Company's Board of Directors has established a process whereby stockholders and other interested parties may send communications to the Board of Directors, as well as to the Presiding Director (Mr. Cardozo) of executive sessions attended by only non-management directors. The Presiding Director may be reached by mailing a letter to: Independent Directors, Attn: Presiding Director, National Presto Industries, Inc., 3925 N. Hastings Way, Eau Claire, WI 54703. The manner in which stockholders and other interested parties can send communications to the Board is set forth in the Corporate Governance section of the Company's website located at [www.gopresto.com](http://www.gopresto.com).

In identifying prospective director candidates, the Nominating/Corporate Governance Committee (herein the "Nominating Committee") considers its personal contacts, recommendations from stockholders, and recommendations from business and professional sources, but has not historically paid a fee to any third party. The Nominating Committee's policy is to consider qualified candidates for positions on the Board recommended in writing by stockholders. Stockholders wishing to recommend candidates for future Board membership should submit the recommendations in writing to the Secretary of the Company no later than December 11, 2018, (for inclusion of such candidate, if subsequently nominated, in the Company's Proxy Statement) or February 14, 2019, (for recommending a candidate who, if subsequently nominated, would not be included in the Company's Proxy Statement) with the submitting stockholder's name and address and pertinent information about the proposed nominee similar to that required by the by-laws in connection with a nomination to be made by stockholders. When evaluating the qualifications of potential new directors, or the continued service of existing directors, the

Nominating Committee considers a variety of criteria, including the individual's reputation for honesty and integrity; respect from leaders and the general citizenry in the community in which the individual resides; the individual's knowledge of business principles and intellectual capacity to quickly grasp and understand the intricacies of the Company's businesses; attainment of official status with a leading company, agency, educational institution, or other form of enterprise; accessibility geographically and otherwise for meetings; specialized skills or expertise; independence; financial expertise; freedom from conflicts of interest; ability to understand the role of a director; and ability to fully perform the duties of a director. While candidates recommended by stockholders will generally be considered in the same manner as any other candidate, special consideration will be given to existing directors desiring to stand for re-election given their history of service and their knowledge of the Company, as well as the Board's knowledge of their level of contribution resulting from such service. Stockholders wishing to recommend for nomination or nominate a director should contact the Company's Secretary for a copy of the relevant procedure for submitting nominations and a full delineation of the criteria considered by the Nominating Committee when evaluating potential new directors or the continued service of existing directors.

The Company has not adopted any formal policies or procedures for the review, approval, or ratification of transactions between the Company and its related persons that may be required to be reported under the SEC disclosure rules. Such transactions, if and when they are proposed or have occurred, have been or will be reviewed by the entire Board (other than the director involved) on a case-by-case basis. The Company's Corporate Code of Conduct does contain several provisions that would provide valuable guidance for the review of such transactions.

The Board believes that the Company's CEO is best situated to serve as Chair of the Board because she is the director most familiar with the Company's business and industry, and most capable of effectively identifying strategic priorities and leading the discussion and execution of strategy.

The Board has an active role, as a whole and also at the committee level, in overseeing management of the Company's risks. The Board regularly reviews information regarding the Company's credit, liquidity, and operations, as well as the risks associated with each. The Company's Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Audit Committee oversees management of financial risks. The Nominating/Corporate Governance Committee manages risks associated with the independence of the Board of Directors and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board of Directors is regularly informed through committee reports about such risks.

### **Compensation Committee Interlocks and Insider Participation**

The directors who served on the Compensation Committee during fiscal 2017 were Richard N. Cardozo, Patrick J. Quinn, and Joseph G. Stienessen. The Compensation Committee determines the compensation of the CEO and makes recommendations to the Board with respect to the compensation of the other executive officers of the Company, including those listed in the Summary Compensation Table on page 11. Board member Ms. Cohen did not participate in decisions regarding her own 2017 compensation.

None of the members of the Compensation Committee during fiscal 2017, or in the last three years, was an officer or employee of the Company, or had any related party transaction with the Company. During fiscal 2017, none of the executive officers of the Company served as a member of the board or compensation committee of any entity that has one or more officers serving as a member of the Company's Board or Compensation Committee.

### **Audit Committee Report**

Each member of the Audit Committee is independent as defined by the rules of the New York Stock Exchange and the Board of Directors has determined that no member has a relationship to the Company that may interfere with the exercise of their independence from management of the Company. It is the purpose of the Audit Committee to assist the Board of Directors in fulfilling its oversight responsibilities relating to: (1) the integrity of the Company's financial statements, (2) the Company's compliance with legal and regulatory requirements, (3) the independent auditor's qualifications and independence, and (4) the performance of the Company's internal audit function and independent auditors.

The Audit Committee has reviewed and discussed with management and the independent auditors the Company's audited financial statements as of and for the year ended December 31, 2017, management's assessment of the effectiveness of the Company's internal control over financial reporting, and the independent auditors' attestation report on the Company's internal control over financial reporting. The Audit Committee has discussed with the independent auditors the matters required to be discussed by Public Company Accounting Oversight Board Audit Standard No. 16, *Communications with Audit Committees*. The Audit Committee has received the written disclosures and letter from the independent auditors required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditors' communications with the Audit Committee concerning independence, and has discussed with the independent auditors the independent auditors' independence. This included consideration of the compatibility of non-audit services with the auditors' independence.

Based on the Audit Committee's review and discussions referred to above, the Audit Committee recommended to the Company's Board that the Company's audited financial statements be included in the Company's annual report on Form 10-K for the year ended December 31, 2017, for filing with the SEC.

## EXECUTIVE COMPENSATION AND OTHER INFORMATION

### Compensation Discussion and Analysis

#### *Overview*

The Discussion and Analysis section addresses the material elements of the Company's executive compensation program, including its compensation philosophy and objectives and the fashion in which it is to be administered. It is intended to complement and enhance an understanding of the compensation information presented in the tables that follow. As used in this proxy statement, the term "named executive officers" means the Company's CEO and CFO for the 2017 fiscal year as well as the three other current executive officers named in the Summary Compensation Table on page 11. In this discussion and analysis, the term "Committee" means the Compensation Committee of the Board.

#### *Compensation Objectives and Philosophy*

The Company's executive compensation program is intended to:

- provide fair compensation to executive officers based on their performance and contributions to the Company;
- provide incentives that attract and retain key executives;
- instill a long-term commitment to the Company; and
- develop a pride and sense of ownership.

The compensation program is therefore intended to attract, motivate, and retain executive officers who have the capability to manage the Company's day-to-day operations and personnel, compete ethically in each of its competitive business segments, implement any strategic plans developed by the Company, and implement the Company's strategic plan to increase stockholder value.

The principal element of the executive compensation program is base salary. An award of a discretionary bonus to reward exceptional performance is sometimes made. The Company provides health and life insurance benefits, a 401(k) program with a generous Company contribution, and other welfare benefits that are available to all of its salaried employees on a non-discriminatory basis. Awards of restricted stock are part of the executive compensation program. The Committee believes that restricted stock awards reward performance and align the interests of executives with the long-term interests of stockholders.

The objectives and factors considered with respect to the form and amount of each individual element of our compensation program are more fully described herein.

#### *Compensation Process*

The Committee has the responsibility to determine and approve the compensation of the executive officer, to make recommendations to the Board with respect to the compensation of selected non-CEO executive officers, and to make recommendations to the Board with respect to incentive plans.

The Committee met on November 17, 2016, to review compensation matters and establish the base salary of the CEO for 2017. On the same date, the Board established the base salaries of other executive officers. No executive officer made a recommendation regarding the form or amount of his or her own compensation. The CEO does provide the Committee with recommendations on salaries of the other executive officers. The Committee met on November 16, 2017, to review discretionary cash bonuses and stock awards with respect to performance in 2017. The Committee did not retain any compensation consultant to assist it in the review or determination of executive compensation in 2017.

#### *Elements of Our Executive Compensation Program*

*Base Salary and Benefits.* The base salaries for executive officers is intended to promote the Company's compensation objectives generally and specifically to provide basic economic security at a level that will attract and retain talented executive officers. Annual increases in base salary of each of the Company's executive officers, if any, are determined in accordance with its compensation policy and, where appropriate, the economic conditions in which the Company is operating. Individual job performance is the single most important factor in the Committee's role in determining base salary. The base salaries of the executive officers were established at levels considered appropriate in light of the duties and scope of their responsibilities.

The Company strives to provide employee benefits to executive officers and all other salaried employees that are consistent with benefits provided in the communities in which they reside, including 401(k), health insurance, life and disability insurance, and other welfare benefits. Executive officers participate in these plans on the same basis as other employees.

*Discretionary Bonus.* Although the Company primarily relies upon awarding an adequate and proper base salary to promote its compensation objectives, the Committee also acknowledges the benefit of awarding discretionary bonuses. To this end, the Company's executive officers may from time to time identify executive officer contributions to the overall performance of the Company to the Committee and request that the Committee consider approving a bonus to reward such performance. In 2017, the Committee made discretionary bonuses to Messrs. Lieble and Frederick for their contributions to corporate performance.

*Incentive, Equity, and Deferred Compensation.* Historically, the Company did not feel this type of compensation was necessary because the Company has experienced low turnover and long-term executive officer retention without emphasizing incentive or equity based compensation. It has found, however, that SEC insider trading restrictions are such that it is difficult for executives to purchase stock on the open market without violating insider trading rules. Accordingly, with the stockholders adoption of the National Presto Industries, Inc. 2017 Incentive Compensation Plan on May 16, 2017, the Compensation Committee has the authority to grant restricted stock awards at its discretion based on an employee's noteworthy performance. In January of 2017, in relation to their performance related to the divestiture of the assets of the Company's Absorbent Product segment, the Committee awarded restricted stock to Messrs. Lieble and Frederick under the 2010 Plan. The awards were denominated in dollars but were payable in common stock based on the closing stock price on the NYSE on January 3, 2017 (\$104.75). In order to create ownership as well as provide incentives for future performance, in December 2017, the Committee decided to grant restricted stock to the named executive officers and several other key employees pursuant to the 2017 Plan. The awards are denominated in dollars but were payable in common stock based on the closing stock price on the NYSE on December 31, 2017 (\$99.45). The Committee determined the dollar value of the awards based on job responsibilities, experience, and individual performance in 2017 as well as recommendations of the CEO. The awards made in 2017 recognized contributions to corporate performance.

*Perquisites.* In 2017, no named executive officer received perquisites having a value in excess of \$10,000. The Committee does not consider perquisites to be a material element of the Company's compensation program for executive officers.

*Termination and Change-in-Control Arrangements.* The Company does not maintain any employment or change-in-control agreements for its executive officers.

*Tax Considerations.* The Committee is aware that prior to the Tax Cuts and Jobs Act of 2017 (the "2017 Tax Act"), Section 162(m) of the Internal Revenue Code of 1986, as amended, limited deductions to \$1 million for compensation paid to the CEO and each of the four most highly paid executive officers named in the Summary Compensation Table who are officers on the last day of the year, and that compensation that qualified as "performance-based" under Section 162(m) was exempt from this \$1 million deduction limitation. In connection with 2017 compensation decisions, the Committee considered this limit and its application to the compensation paid to its executive officers as part of its compensation policy.

Under the 2017 Tax Act, the performance-based exception has been repealed and the \$1 million deduction limit now applies to anyone serving as the chief executive officer or the chief financial officer at any time during the taxable year and the top three other highest compensated executive officers serving at fiscal year end. The new rules generally apply to taxable years beginning after December 31, 2017.

### **Compensation Committee Report**

## Potential Payments Upon Termination or Change-in-Control

The Company does not have any change-in-control agreements with any executive officer, director, or employee. The Incentive Compensation Plans under which restricted stock awards have been granted provide that in the event of a change-in-control or the employee's employment is terminated due to death, disability, or retirement (as defined in the plans), the shares of restricted stock would immediately vest.

The amounts shown in the following table reflect the potential value to the named executive officers of acceleration of all unvested restricted stock awards upon a change-in-control of the Company and termination of employment due to death, disability, or retirement (as defined in the plans), assuming that the change-in-control and termination of employment were effective as of December 31, 2017, and based on the closing price of the Company's common stock of \$99.45 on December 29, 2017 (the last trading day in fiscal 2017). The amounts below are estimates of the amounts that would be paid to the named executive officers; the actual amounts to be paid can only be determined at the actual time of a change-in-control or an officer's termination of employment.

<sup>(2)</sup> Total value of unvested restricted stock awards as of December 31, 2017, that would be accelerated.

## CEO Pay Ratio Disclosure

Under rules adopted pursuant to the Dodd-Frank Act of 2010, the Company is required to calculate and disclose the total compensation paid to its median paid employee, as well as the ratio of the total compensation paid to the median employee as compared to the total compensation paid to the Company's CEO. Due to estimates, assumptions, adjustments and statistical sampling permitted under SEC rules, the pay ratio disclosed by other companies may not be comparable with the pay ratio that the Company reports.

As of the last business day of 2017 (December 29, 2017), the Company employed a total of 981 employees (including full-time and part-time employees and excluding the CEO). For those 981 employees, their 2017 gross

earnings were used as the starting point for total compensation. Salaries and wages were not annualized for those employees who were not employed for the full year of 2017. Other compensation, determined in the same manner that the Company determined the total compensation of the named executive officers for purposes of the Summary Compensation Table (i.e. 401(k) employer match, restricted stock awards, dividends paid related to the restricted stock awards, and the value of life and disability insurance premiums paid by the Company), was added to the gross earnings amount to determine total compensation. For 2017, the median-compensated employee (i.e. the 491st employee) had total compensation of \$36,805.07. As set forth in the Summary Compensation Table, the CEO's total compensation for 2017 was \$700,786. The CEO to median employee pay ratio for 2017 was therefore 19.04:1 (\$700,786 / \$36,805.07).
