INSTRUCTIONS

How To Use

❶ Stainless Steel Blanching Basket

Use it for blanching tomatoes and peaches for easy removal of skins when peeling. It also can be used for blanching vegetables for canning and freezing. The basket fits in standard kitchen pots.

❷ Wide-scoop Ladle

It features three convenient pour spouts for easy filling of jars, as well as a hook so you can hang the ladle inside the pot. The ladle is heat resistant and won't scratch nonstick pots.

❸ Canning Funnel/Headspace Measure

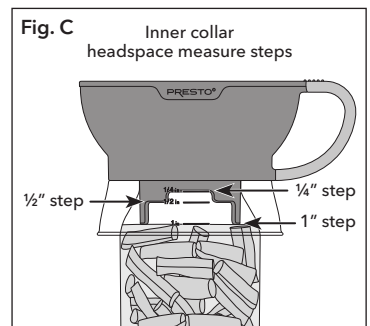

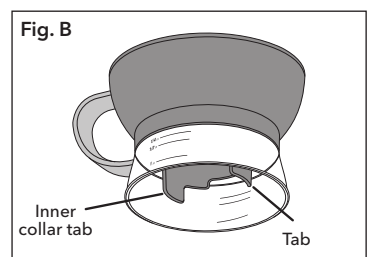

The canning funnel with inner collar fits on both regular and wide mouth canning jars to make filling jars easy and keep jar rims and counters clean. When placing the funnel on the jar, make sure the inner collar tabs (Fig. B) are inside the jar.

The funnel features built-in headspace measures on the inside and outside:

- The inner collar is designed with a ridged edge resembling steps. The "steps" correlate with ¼-inch, ½-inch, and 1-inch headspace measures (Fig. C). These "steps" can be viewed from the side or the top of the jar.

NOTE: When using the funnel with hot liquids or food, the outer collar may fog up from time to time. If this occurs, view the headspace "steps" by looking down inside the funnel.

- The clear outer collar includes headspace markings for ¼-inch, ½-inch, and 1-inch. The bottom rim of the clear collar can be used as the 1¼-inch measure (Fig. D, page 2).

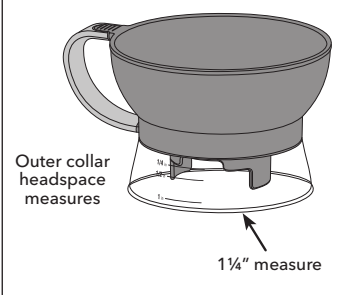

Understanding Headspace

Headspace is the air space between the top of the food or its liquid and the lid. Leaving too much headspace can result in underprocessing because it may take too long to release the air from the jar. Leaving too little headspace will trap food between the jar and the lid and may result in an inadequate seal.

As a general rule, allow ¼-inch headspace for jams and jellies; ½-inch for fruits, pickled foods, salsa, and tomatoes; 1-inch for vegetables, meats, and seafood; and 1¼-inch for poultry.

All recipes will indicate the amount of headspace necessary.

Fig. D

4 Bubble Remover/Magnetic Lid Lifter/Water Measure: A multi-function tool

- **Bubble Remover:** Insert the flat end with flexible tip into the filled jars. Work quickly to remove air bubbles that have become trapped between pieces of food by moving the bubble remover around the jar between the food and the side of the jar.
- **Magnetic Lid Lifter:** The green end of the utensil is magnetic and can be used to lift and transfer clean lids to jars for hands-free placement.
- **Water Measure:** The flat end of the utensil includes a 1-inch measure which is handy when boiling water canning. Use it to verify the water level is at least 1 inch above the jar tops.

Understanding Air Bubbles

After food has been packed in jars, any air bubbles must be removed. Trapped air bubbles may rise to the top during processing, causing too much headspace.

IMPORTANT: Always recheck headspace after removing air bubbles and add more food/liquid, if needed.

5 Spring-loaded Jar Lifter

Use it to safely and easily place jars, both regular and wide mouth, in the canner before processing and to remove the hot jars from the canner after processing. The flexible, easy-grasp jar lifter assures a secure hold with simple one-handed operation.

To use the jar lifter, grasp the rounded handles (Fig. A, page 1) and position the flexible grippers (with Presto logos) around the jar threads or the metal band on the jar. Then firmly squeeze the rounded handles to securely grasp the jar as you lift it.

When lifting jars filled with food, lift the jars straight up. Tilting jars may cause liquid or food particles to get between the jar rim and lid and prevent the jar from sealing.

Cleaning Instructions

Wash the canning kit utensils in warm, soapy water, rinse, and dry thoroughly. The utensils are also dishwasher safe. Place on the top rack or on the rack farthest from the heating element.

Do not scour any of the utensils with abrasive cleaners.

NOTE: All the canning utensils are BPA free.

Consumer Service Information

If you have any questions regarding the operation of your Presto® Canning Kit, contact us by any of these methods:

- Call 1-800-877-0441 weekdays 8:00 AM to 4:00 PM (Central Time)
- Email us through our website at www.GoPresto.com/contact
- Write: National Presto Industries, Inc.
Consumer Service Department
3925 North Hastings Way
Eau Claire, WI 54703-3703

Inquiries will be answered promptly by email, telephone, or letter. When emailing or writing, please include a phone number and a time when you can be reached during weekdays if possible. Be sure to indicate date of purchase and a description of defect when sending a product. Send products to:

Canton Sales and Storage Company
Presto Factory Service Department
555 Matthews Drive
Canton, MS 39046-3251

Product Registration

IMPORTANT: Please go online and register this product within ten days of purchase. Proper registration will serve as proof of purchase in the event your original receipt becomes misplaced or lost. Registration will not affect warranty coverage, but it may expedite the processing of warranty claims. The additional information requested will help us develop new products that best meet your needs and desires.

To register the product, visit www.GoPresto.com/registration or simply scan this QR code. If you do not have computer access, contact the Consumer Service Department at 1-800-877-0441 for assistance with registration.

Presto® Limited Warranty

(Applies only in the United States)

This quality Presto® appliance is designed and built to provide many years of satisfactory performance under normal household use. Presto pledges to the original owner that should there be any defects in material or workmanship during the first year after purchase, we will repair or replace it at our option. Our pledge does not apply to damage caused by shipping. ***Outside the United States, this limited warranty does not apply.***

To obtain service under the warranty, please call our Consumer Service Department at 1-800-877-0441. If unable to resolve the problem, you will be instructed to send your Presto® appliance to the Presto Factory Service Department for a quality inspection; shipping costs will be your responsibility. When returning a product, please include your name, address, phone number, and the date you purchased the product as well as a description of the problem you are encountering with the product.

We want you to obtain maximum enjoyment from using this Presto® product and ask that you read and follow the instructions enclosed. Failure to follow instructions, damage caused by improper replacement parts, abuse, misuse, disassembly, alterations, or neglect will void this pledge. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. This is Presto's personal pledge to you and is being made in place of all other express warranties.
