BONUS

Bonus Refillable MyJo® Cup lets you brew your own ground coffee too! Any brand, blend, or flavor!

Just 3 easy steps for gourmet coffee, tea, or hot cocoa at home or on the go!

1 Heat water...

Fill reservoir with hot water from a tea kettle, or heat filled reservoir in microwave.

2 Assemble...

Place single serve pack in base, attach the water reservoir and the pump.

3 Brew and enjoy!

Place assembled coffee maker on top of your favorite coffee mug and pump water through the single serve pack to brew.

- **Cover with pump** compresses air inside the reservoir to push water through the refillable or single serve pack into your cup. Works with most travel mugs too!
- **Water reservoir** detaches from base for filling and heating water.
- **Water fill lines** for brewing a 6-, 8-, or 10-ounce serving.
- **Silicone grip.** Slip- and heat-resistant for easy handling.
- **Easy to clean.** Simply toss single serve pack and rinse the base.
