Professional EverSharp®

three-stage electric knife sharpener

- Three-stage system provides professional results at home.
- Blade selector adjusts guides to optimum sharpening angle for thick, medium, and thin knives.
- Extra-fine-grit ceramic wheel assures precision honing.

Stage 1
Sapphirite™ coarse grinding wheel creates the proper sharpening angle.

Stage 2
Sapphirite™ medium grinding wheel gives the blade a precision edge.

Stage 3
Extra-fine-grit ceramic wheel fine hones the blade to a razor-sharp edge.

- Sharpens kitchen and sport knives quickly and easily.
- Blade thickness selector adjusts guides to the optimum angle needed for precision sharpening. Select thick for hunting knives, medium for chef's knives and other kitchen knives, and thin for light blades like fillet and paring knives.
- No-guess sharpening. Precision guides hold the knife at the perfect angle. Just draw the knife through each slot a few times and it's razor sharp.
- Suction cup feet for added stability when sharpening.

120 volts AC
