

PRESTO precise®

12-Quart Digital Pressure Canner

- Automated for easy, confident canning.
- Digital display guides you through each step of the canning process.
- Doubles as a boiling water canner.

LED display icons illuminate each step from start to completion!

Preheats canning jars and keeps them hot until filled and ready for processing.

Stainless steel canning rack.
Removable ceramic-coated pot is PFAS-free.
Black stainless steel exterior.

Innovative sensor automatically holds the exact temperature required for safe canning. No need to watch or adjust settings.

No adjustments required for pressure canning at high altitudes.

Digital display and control knob for selecting the canning method and setting the processing time. Built-in timer ensures accurate, reliable timing.

Ten built-in safety features including a cover locking system and an alert symbol for indicating an incomplete canning process.

Instruction/recipe book uses research-tested recipes with standard processing times in accordance with USDA guidelines. Also includes an easy-to-reference Quickstart Guide.

Mason Jar Capacity				
Method	PRESSURE CANNING		BOILING WATER CANNING	
	Regular mouth	Wide mouth	Regular mouth	Wide mouth
Half-pints	10	13*	10	7
Pints	8	7	8	7
Quarts	5	5	n/a	n/a

* It will be necessary to double-deck these jars to achieve maximum jar capacity when pressure canning. Only pints and half-pints can be processed using the boiling water method.

Safely processes low-acid foods, including vegetables, meat, poultry, fish, seafood, and spaghetti sauce.
Doubles as a boiling water canner for preserving pint and half-pint jars of fruits, jams, jellies, pickles, and salsa.

*The USDA and the National Center for Home Preservation provide guidelines for home canning. Neither agency certifies or approves home canning equipment.
